

Patrick O'Moore

UI/UX Designer

About

I'm a UI/UX Designer capable of designing for both web and mobile applications. I specialize in creating an immersive and visually appealing user experience that helps companies promote and share their product. When I'm not working you will find me getting lost on a trail somewhere or praying for a decent snow pack.

Basic HTML/CSS

Projects

Paycrave: *Mobile app allowing users to find foodcarts, order items, and pay from their phone*

Designed application from sitemaps and wireframes to final prototype testing on Invision

SnowSpirit: *E-Commerce concept focused on selling mountaineering and ski mountaineering products*

Designed logo, sitemaps, wireframes, and prototype of the website from title screen to checkout

ChangeBank: *Crowdfunding website design concept*

Used a blend of information architecture and design that would allow a user to promote or donate to a project

Phantom Bindings: *Redesign concept of Phantom Splitboard Bindings website.*

Focused design on promoting the product by creating the feel of high end engineering on the site

Local Lend: *Mobile application that allows people to share unused tools in their community*

Built full design process from user stories to wireframes and prototype
